ABOUT

Daniels of Wetherby is a well established business, being a part of Wetherby for over 20 years.

Dusty started working there in 2002 and built up a busy client base. She left in 2005 to gain more experience in the beauty industry. She joined the cruise ship world! Travelling the Caribbean and Europe and working with people from all over the world in a 5 star spa, gave her a fantastic experience and now able to offer the highest standard of service and customer care to clients today. Having a great relationship with the previous owners and deciding she wanted to undertake a business creating Daniels of Wetherby by Dusty seemed the most natural progression on both parts.

"We pride ourselves on our reputation. It's lovely being local!"

"Here at Daniels of Wetherby by Dusty, we are a very close and well working team. The length of time our staff have worked with us speaks for itself!"

ELECTROLYSIS

WHAT IS ELECTROLYSIS LASER?

Electrolysis treats each hair follicle individually with a very fine, disposable, sterile probe to permanently destroy the follicle's ability to reproduce, thereby eradicating hair growth on completion of the course of treatment.

WHICH AREAS CAN BE TREATED WITH ELECTROLYSIS?

Virtually any area, apart from the inside of the nose and inner ear (the rim of the ear can be safely treated).

Common areas for woman are facial areas, (top lip, chin, neck, cheeks, eyebrows) breasts, abdomen, underarms, bikini line, legs, fingers and toes.

Common areas for men are the upper arms, around the ears, top of the nose, eyebrows, top of the back, cheeks above the line of the beard, around the edges of the beard and any areas where ingrown hairs are causing problems.

ELECTROLYSIS PRICES

10min - £16

15min - £19
